2. Redemption Instructions

Please provide your fund and account number(s). They are printed on your Investment Summary statement. The fund number is the first four digits before the hyphen and the account number follows the hyphen. Indicate the amount to be sold. If the amount requested exceeds the account balance, all shares in the account will be sold. If your request includes recently purchased shares, MFS Service Center, Inc. (MFSC) may delay the payment of redemption proceeds of those shares for a period of up to seven business days in order to enable MFSC to confirm that the funding has cleared. These redemption proceeds will generally be sent separately in the form of a check.

Note: If you elect to redeem all shares from any of your MFS accounts, any existing Automatic Investment or Exchange Options on the redeemed accounts will be discontinued.

3. Cost Basis

To learn more about the different cost basis methods please contact your financial professional or tax advisor. You may also visit [mfs.com/TaxCenter](https://www.mfs.com/TaxCenter).

If you have not made a cost basis method election, or you have but did not notify MFSC of your elected method, MFSC has applied the fund's default method of Average Cost to your account. **If you choose an override and you have Average Cost as the elected method or fund's default method on your account, your request will not be considered in good order and MFSC will not process your request.**

Unless you direct MFSC in the Override Section below, the cost basis method that is currently on your account will be used to deplete the shares for this transaction. If you have Specific Lot Identification as the cost basis method on your account, you will need to complete the Specific Lot Identification Lot Selection Form (the "SLID Form") and submit it with this redemption request. If you do not submit the SLID Form with your redemption request, MFS will deplete your tax lots in accordance with the secondary method selected on your account. You may obtain the SLID Form by going to [mfs.com/Forms](https://www.mfs.com/Forms). The form is located under "Non-Retirement Accounts," and then "Sell Shares or Close an Account."

Cost Basis Method Override If you have a cost basis method other than Average Cost on your account, you may override your account method by choosing another cost basis method below to be applied to this transaction only. If you do not wish to override your cost basis method, proceed to Section 4.

Note: This will not change the current method on your account. If you wish to change the current cost basis method on your account you may do so via MFS Access or by completing and sending in a Cost Basis Reporting Selection/Change Form.
