Important Notes:

- Minimum additional investment amount is \$50 per fund via check for Retirement accounts.
- To establish a **new** fund within your existing account type in **the same share class**, write the word "NEW" in the space provided for the MFS Fund Account Number.
 - The minimum initial investment amount is \$250 to establish a new account.
 - Please read the fund's prospectus and consult your financial professional with any questions before investing in a new MFS fund.
- If you are investing in a new share class, a new account application is required.
- Please use more than one form if you have more than three additional investments.
- Internal Revenue Service rules allow only one IRA-to-IRA rollover in any twelve-month time period, regardless of the number of IRAs an individual has or the types of IRAs (including traditional, Roth, SEP, and SIMPLE IRAs). Exceeding this limit, even if the prior rollover involved a different type of IRA, will result in an excess contribution to your IRA subject to taxation and penalties. Roth conversions (rollovers from traditional IRAs to Roth IRAs), rollovers between qualified plans and IRAs, and trustee-to-trustee transfers – direct transfers of assets from one IRA trustee to another – are not subject to the one-per-year limit and are disregarded in applying the limit to other rollovers. You may want to consult with your tax advisor before making a rollover.
- If the Tax Year is not indicated, or if the contribution is received after the prior-year IRS deadline, the contribution will be made for the current year.
- Funds will be invested on the first business day of receipt as long as the investment instructions are completed in full.
