

## MFS Meridian Funds Offering Hedged Classes

The sub-funds of MFS Meridian Funds listed below offer at least one share class that is hedged into a currency other than the base currency of the sub-fund (a “Hedged Class”). Investors should be aware there is a risk that, under certain circumstances, currency hedging transactions in relation to a Hedged Class could negatively affect the net asset value of the other share classes (including unhedged share classes) of the same Fund. For more information, see "Risk Factors – Currency Risk" in the prospectus of MFS Meridian Funds.
